
Facilities and Equipment

Saint Paul's School of Nursing occupies a 51,700 square-foot facility and is located at Corporate Commons Two, 2 Teleport Drive, Suite 203, Staten Island, NY 10311. The school is located on the second floor of a multi-tenant office building. All school facilities, including offices and classrooms, are on this floor. In addition to stairs, three elevators provide access to the floor. A learning resource center is available with internet access, computer stations, web-based resources, health reference books, and periodicals. Library resources and library information services are available to students and faculty. The Facility includes a fully equipped simulation lab, a medical assistant skills lab, a nursing skills lab, a dual-purpose lab, and two science labs. Medical labs are equipped with medical exam tables, microscopes, stethoscopes, blood pressure cuffs, EKG machines, and other medical training equipment as applicable. Computer labs include student computer stations with internet access and word processing, presentation, spreadsheet, database, and medical software applications. Lecture rooms have internet connection, media cabinets, and digital projectors. There are two student lounges with vending machines and microwaves. Saint Paul's School of Nursing also uses the offices and laboratories of local physicians, clinics, healthcare facilities, and hospitals to provide hands-on experiences for students. Administrative offices include academics, student and career services, financial aid, registrar, admissions, and business offices. There is a faculty workroom and faculty offices. Clinical and externship sites are in doctor's offices, hospitals, and other professional medical facilities. The facility is accessible to handicapped students. The facility is open 8:00 am to 11:00 pm, Monday through Friday and 9:00 am to 2:00 pm on Saturday.
